projecting expenditures by National Security Programs based on data in the semi-annual NSC Status Report. After some discussion as to what the CIA position would be on this paper, the Director stated he would discuss this problem with Mr. Dodge and undertook to do so at tomorrow's NSC meeting.

b. Asked the Director if anything had been decided as a result of his conversation with Ambassador Cowan on Wednesday, 8 July. The DCI briefly discussed this conversation and mentioned two proposals suggested by Cowan and noted we should have another "go around" with State in regard to the forthcoming Presidential elections in the Philippines prior to any further consideration of these proposals. Mr. Amory noted his intention to attempt to "smoke out" State Department policy on the Philippines at an early NSC Planning Board Meeting.

25X1 c. Stated that [] was desirous of coming to the U. S. for a protracted visit and some trouble was being experienced as to which U. S. agency would take the responsibility for this visit, particularly in view of what type visa could be issued. Mr. Helms said that the use of Section 8 had been mentioned; however, in his opinion this would be an out-and-out abuse of the law and recommended against it. The Director ~~agreed~~ *agreed*, but said we might attempt to get [] visitor's visa with the thought of obtaining an extension if necessary.
